

YOU'RE INVITED TO A BIRTHDAY BLAST AT

Family Fun Center
www.AlabamaPaintball.com

Event: _____

Date: _____

Times: _____

RSVP: _____

Notes:

Food /Pizza will be served **Yes** **No**
Cake /Snacks will be served **Yes** **No**
We will meet at: CAPP **Other**

Does it hurt?

There is a little sting to it- Some compare it to being snapped with a rubber band. Central Alabama Paintball uses exclusively low impact, 50 caliber paintball guns. Our hits will have 1/3 the sting of a conventional paintball gun. That is why kids as young as 6 can play at CAPP! There is still a chance for a little red mark when hit, but proper clothing will help minimize or eliminate this.

Make sure you complete a waiver!

You must have a waiver for each player!
All players, regardless of age, must have a waiver on file.

Use a Computer or Phone
Sign with your finger or your mouse.

Online Waivers are good for the Calendar Year
If you played this year, we can look it up.

If under 18, a Parent Must Sign
Parents can sign online for up to 6 minors at one time.

What Should I Wear?

CAPP will provide the protective gear. You just need to dress comfortably for the weather- Alabama heat and humidity can be brutal, especially under a mask!

Does it Wash Out?

Yes, paintballs really don't have paint in them. It's a food grade filler, actually used in toothpaste, that washes out easily.

What About the Weather?

CAPP's playing fields are all grassed with a nice gravel alleyway connecting them- so as long as there is no severe weather, the fields are playable!

Location:

Central Alabama Paintball Park
55 Rosebud Lane
(205) 837-4177

Located directly off of Highway 31,
4 miles south of the Alabaster Promenade
